

## Diving

We have earned a reputation amongst the diving community as a trusted designer and manufacturer of high-quality diving hoses, cables and umbilicals that perform flawlessly under extreme conditions.

Fibron's design team uses their specialist knowledge to design a solution that perfectly meets the needs of a particular project. Our comprehensive product range includes all manner of solutions, from light-weight umbilicals, collapse-resistant hoses and abrasion-resistant cables, to bespoke main bell, excursion and surface demand umbilicals that have been terminated, tested and certified.

### Applications

- Main bell umbilicals
- Excursion umbilicals
- Surface demand umbilicals
- Rescue cables and umbilicals
- Diving hoses
- Diving cables
